OBSERVE BEFORE ORDERING

IMPORTANT: This is a list exclusively to the trade, viz., growers and dealers. In addition, we issue a Retail Catalogue, a copy of which will be cheerfully mailed on request. This includes all the nursery plants we have to offer.

The articles in this list will be furnished 5 at 10 rate; 25 at 100 rate.

PRICES: Quotations in this list are net; no discounts.

TERMS: Parties unknown to us will please furnish two or three references in the trade with whom they have been doing business, and allow sufficient time for investigation; otherwise cash must accompany the order. Orders not paid for in advance, or for which terms have not been arranged prior to time of shipment, will be sent C. O. D.

SHIPPING SEASON: Deciduous trees, November to March; evergreens, October to May; roses, November to April.

HOW SHIPPED: State whether by freight or express and by what route. If uninstructed, we will use our best judgment, but in no case do we assume any responsibility for either safe or

prompt delivery, nor for any injury to plants caused by delays on the part of the transportation companies.

CAUTION: All orders are accepted with the proviso that they shall be void should any injury befall the stock ordered from any cause over which we have no control.

COMPLAINTS AND ERRORS: Mistakes and complaints, whenever such occur, must be reported promptly.

PACKING CHARGES: These are to cover only the actual cost of materials used.

ADDRESS: All telegrams and mail should be addressed California Nursery Company, Niles, California; when telephoning call for California Nursery Company, Niles.

VISITORS WELCOME: A visit to our growing grounds and an inspection of stock is invited. Offices and grounds are situated on the main highway between Oakland and San Jose, and less than a mile west of the town of Niles, on the Southern Pacific Railway. If coming by train, notify us in advance, or telephone from the railway station, and conveyance will meet you.

GUARANTEE

The California Nursery Company will exercise care to have all stock true to name, nevertheless it is understood and agreed that should any stock prove untrue to name, the California Nursery Company shall be liable only for the sum paid for the stock which may prove untrue, and shall not be liable for any greater amount.

Cable Address Calnurco, Niles, California.

SPECIMEN TREES

Conifers, Broad-Leaved Evergreens, Climbers and Bedding Plants

FOR LINING OUT AND REPOTTING

In order to meet a constantly growing demand on the part of the trade for stock grown in small pots for lining out in nursery rows or for repotting, we are offering a choice line of plants embraced in the following list. The stock offered is in the best of condition, being well established in pots, all of which is ready for shifting into larger pots or lining out in rows in the open ground at the time deliveries are made, or later if so desired.

Customers will be doing us a favor by ordering not less than 20 of a variety.

California Field-Grown Roses—Budded on Manetti Root

OUR TWO GRADES—No. 1 plants run 3 or more branches and well rooted; No. 1½ plants run 2 or more branches and well rooted.

We have very favorable conditions for growing roses at Niles, the plants attaining their full growth in mid-summer, permitting us to cease irrigating and making it possible for us to commence digging our stock for shipment early in November. This is an advantage which very few sections in California possess.
